

# ACETECH

VANCOUVER, BC | December 17, 2009

**2009 Lang Michener Revenue Growth Award** – Aquatic Informatics™ Inc., a global leader in software solutions for the water and climate industry, announced today that it has been awarded the 2009 Lang Michener Revenue Growth Award by ACETECH.

The Revenue Growth Award is awarded annually to the company showing the highest year-over-year percent revenue growth as part of ACETECH's Growth Strategy Program. Approximately forty B.C. companies participate in the two-year program, whose goal is to help companies double revenues in 12-months.

“Winning this award is a great acknowledgement”, noted Ed Quilty, President and CEO of Aquatic Informatics. “The Growth Strategy Program has a profound impact on our company and on me as CEO. It provides our company with effective tools and best practices that are easy to deploy and which make an immediate impact. As a CEO, it provides me with amazing mentorship and has also allowed me to build a strong CEO network that I now leverage”.

Adds ACETECH Lead Mentor Ralph Turfus “Aquatic Informatics is a shining example of how a small company with an excellent product can successfully go to market if they get the right help at the right time and do the right things well”. ACETECH is a Canadian CEO mentoring organization where members can access the brainpower of their peers, get advice, and find solutions to challenges they are facing today.

**About ACETECH** – ACETECH delivers what is for many, a profound experience. Dedicated exclusively to CEOs and Past-CEOs of technology and life sciences companies, everything about ACETECH is geared to the unique environment of the chief executive role. If you are committed to improving your performance as an executive and a leader, your participation in ACETECH will be rewarded with the highest level of learning and growth. ACETECH is an on-going opportunity to connect with the best and the brightest stars in the technology field.

ACETECH offers complimentary memberships to all CEOs and past CEOs who want to get involved. There are eligibility requirements that every participant must meet to become a member, and there are fees associated with some of the programs.

As a non-profit organization, ACETECH is driven by the personal commitment and passion of successful CEOs who want to give back to their peers. ACETECH is by CEOs for CEOs.

Now in its 17th year, ACETECH has expanded to provide learning and growth opportunities for you all year long.
